STOP AQUATIC HITCHHIKERS

Your boat, trailer & equipment may be carrying plant fragments or life forms such as **Eurasian Water-milfoil, Zebra Mussels or Spiny Water Fleas** that can cause permanent damage to the lakes we all love and want to protect!

Remove all plants, mud & other debris from your boat trailer.
Flush water through your motor's cooling system (a garden hose adapter available from your local boat dealer will make this easy.)
Disinfect the bilge area, live wells, anchor ropes & any damp portion of your boat's interior.
Wash & Rinse all fishing tackle (including the line on fishing reels) and all bait buckets or other containers that have been in contact with lake water.
Dispose of all live bait in a trash container.
Air Dry your boat for several days (if possible).

Wisconsin law requires the removal of all aquatic vegetation, aquatic animals and on-board water from boats, trailers and related equipment before traveling over Wisconsin public roadways. Be aware to protect our waterways now and for the future.
